CONTINUE

MAIN

On the landing page, the application user will choose whether or not they are a new user (in which they will be prompted to register), an existing user (seeking to return to their account and potentially order from food trucks), or a truck owner (in order to return to their truck operations on our application).

NEW USER
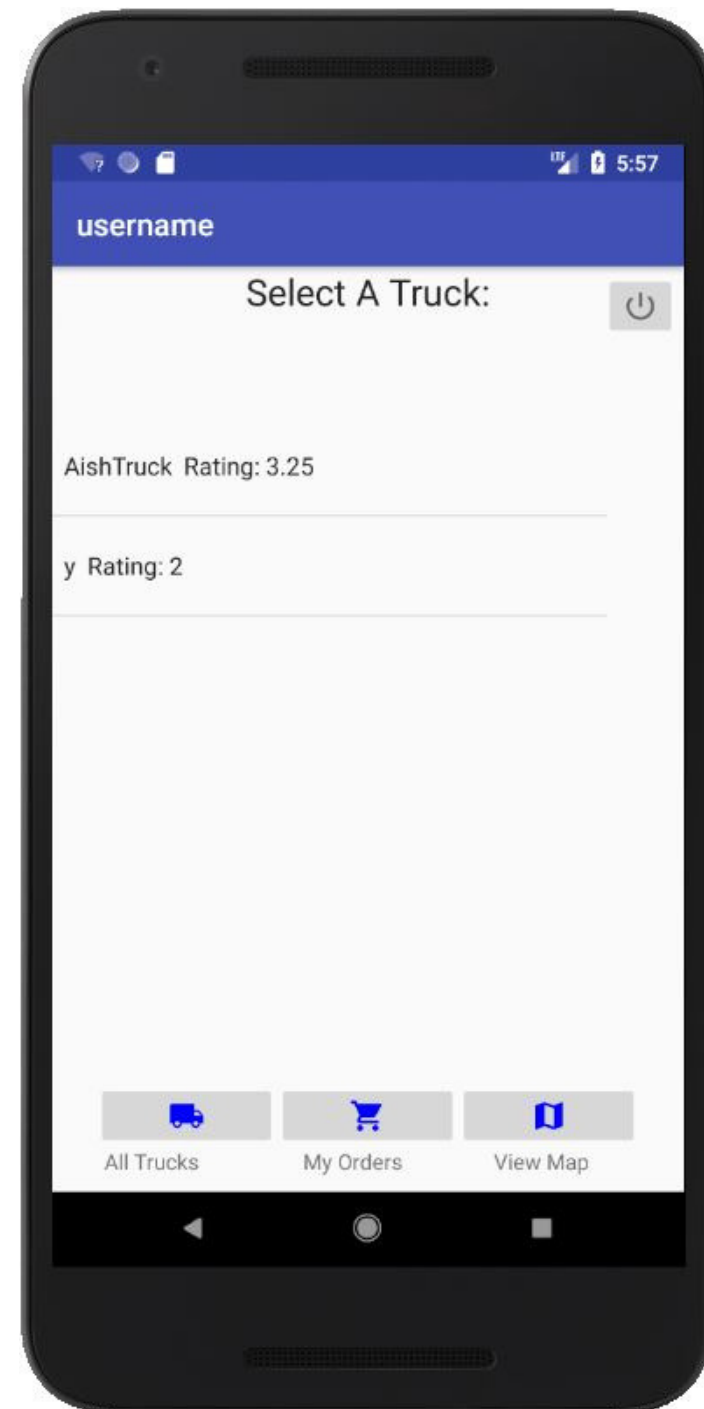

Select whether or not you are registering as a new individual user or a new truck owner using the radio buttons.

Input desired username, confirm username, and type desired password.

Click register to continue.

USER HOME

Select the truck of the menu you want to see.

User tool bar below to navigate pages:
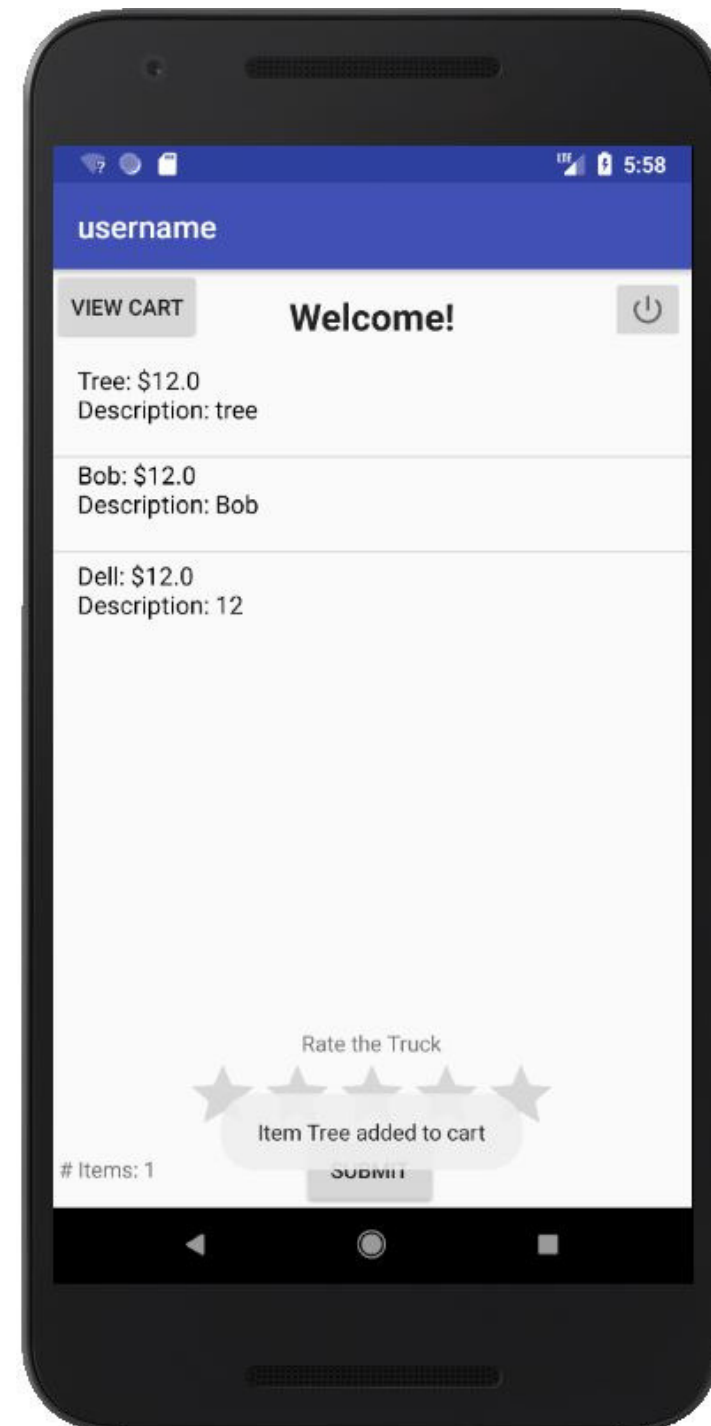

All trucks
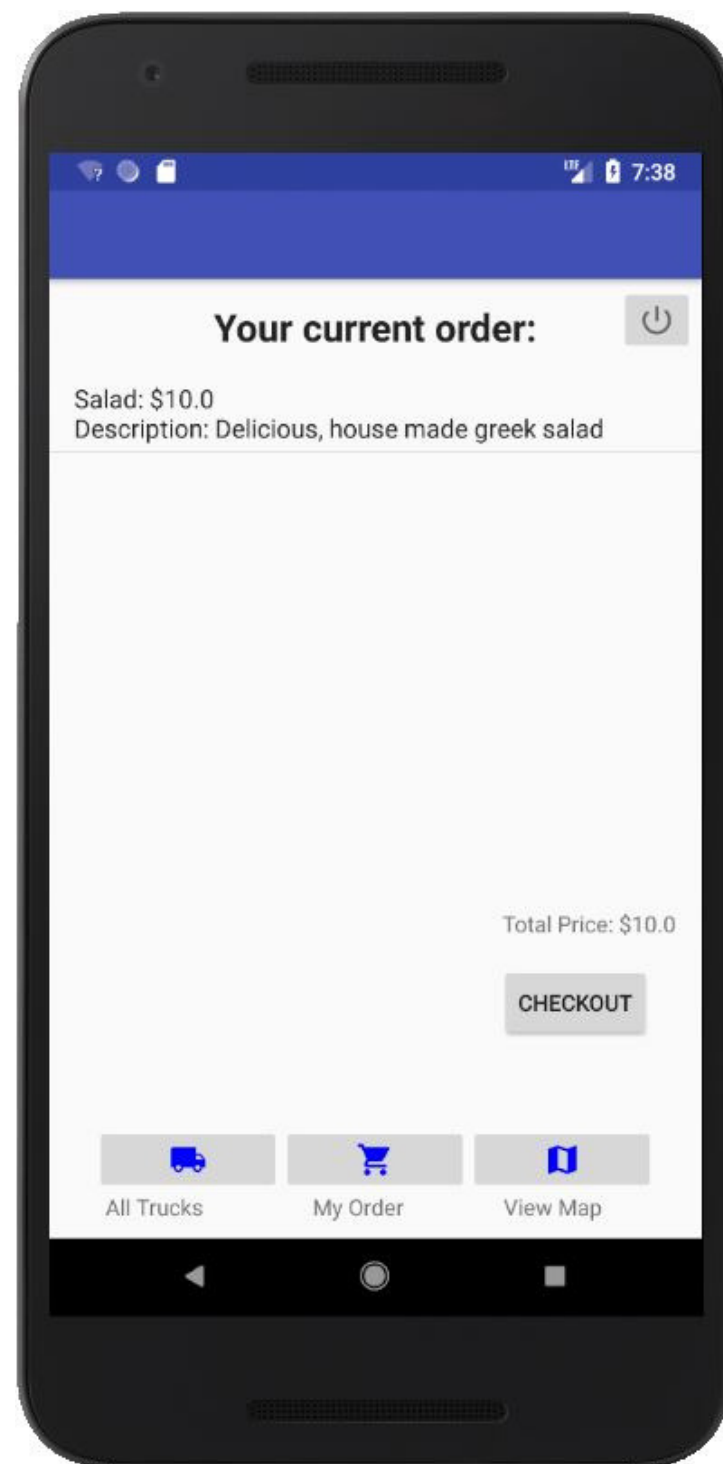

My orders

View Map

USER

USER VIEW MENU

Select the item you want by using the name, price, and descriptions as listed.

Once selected, the number of items in your cart will increment and the toaster stating the title added by pop up.

Here, you can also rate the truck out of five stars.

VIEW CART

By clicking view cart in the top left of the previous page, you will be able to review items in your card.

When you are ready, you can check out by choosing the check out button.
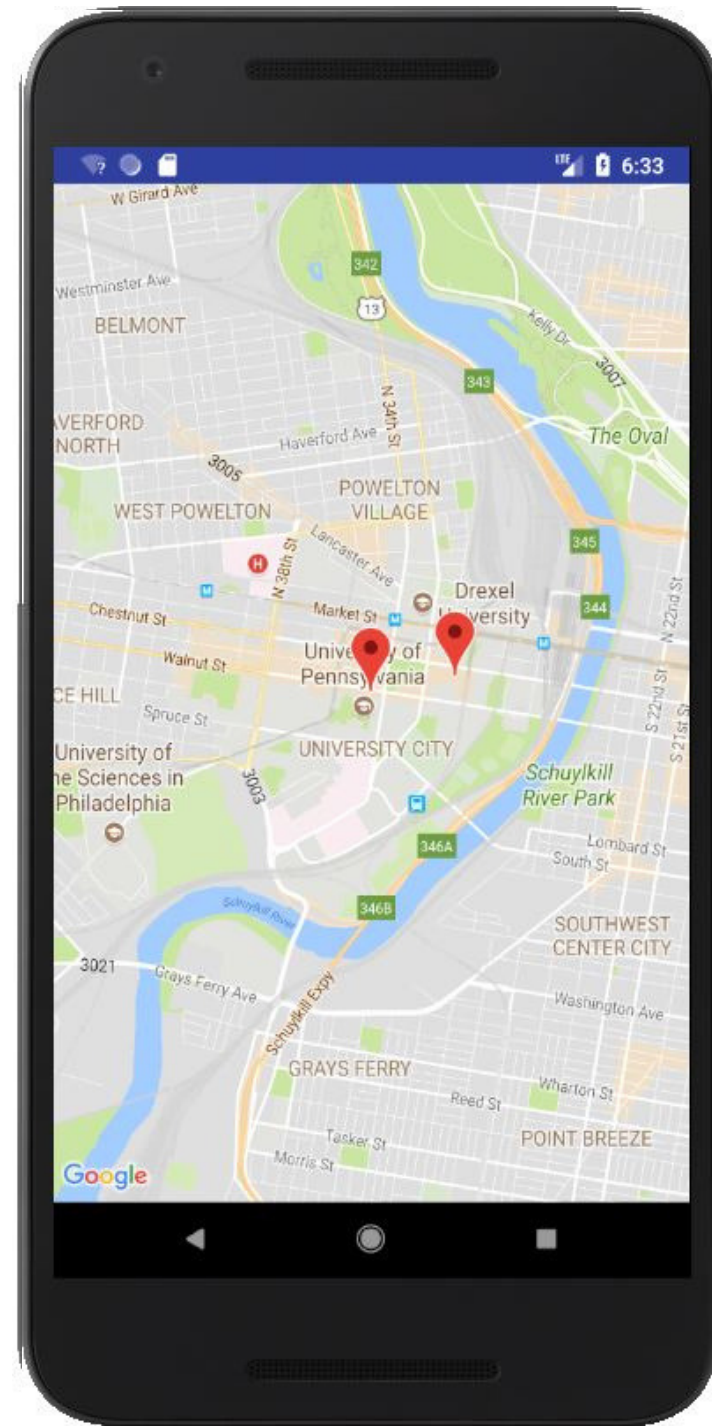

CHECK OUT

When you click check out, your order will be sent to the truck owner.

Note: once you click checkout, a pop up will appear notifying you that your order has been sent.

VIEW MAP

Choosing View Menu icon from the tool bar on the home page brings you to a map of the existing trucks in your area.
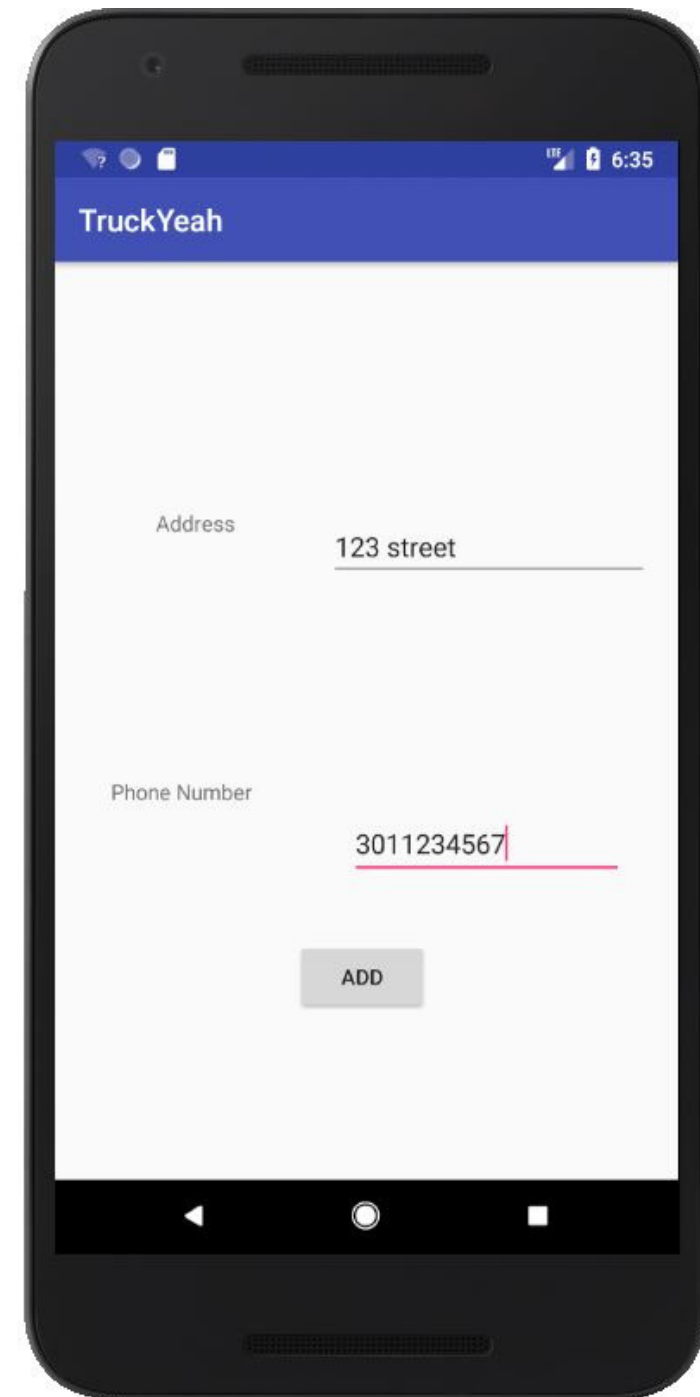

NEW TRUCK

From the main page, much like the individual user, truck owners can create an account by filling out the same fields.

TRUCK DETAILS

After putting in username and password, the user registers their truck details by filling out the truck's address and phone number.

TRUCK MAIN

Post registration/log-in, truck owners will be bought to a main page in which they can see customer orders.

The truck tool bar includes:
Customer Orders
My Menu
Edit Truck

EDIT TRUCK

The truck owner can edit truck info after clicking the Edit Truck tool bar button.

The owner can change their password and truck address and phone number as needed.
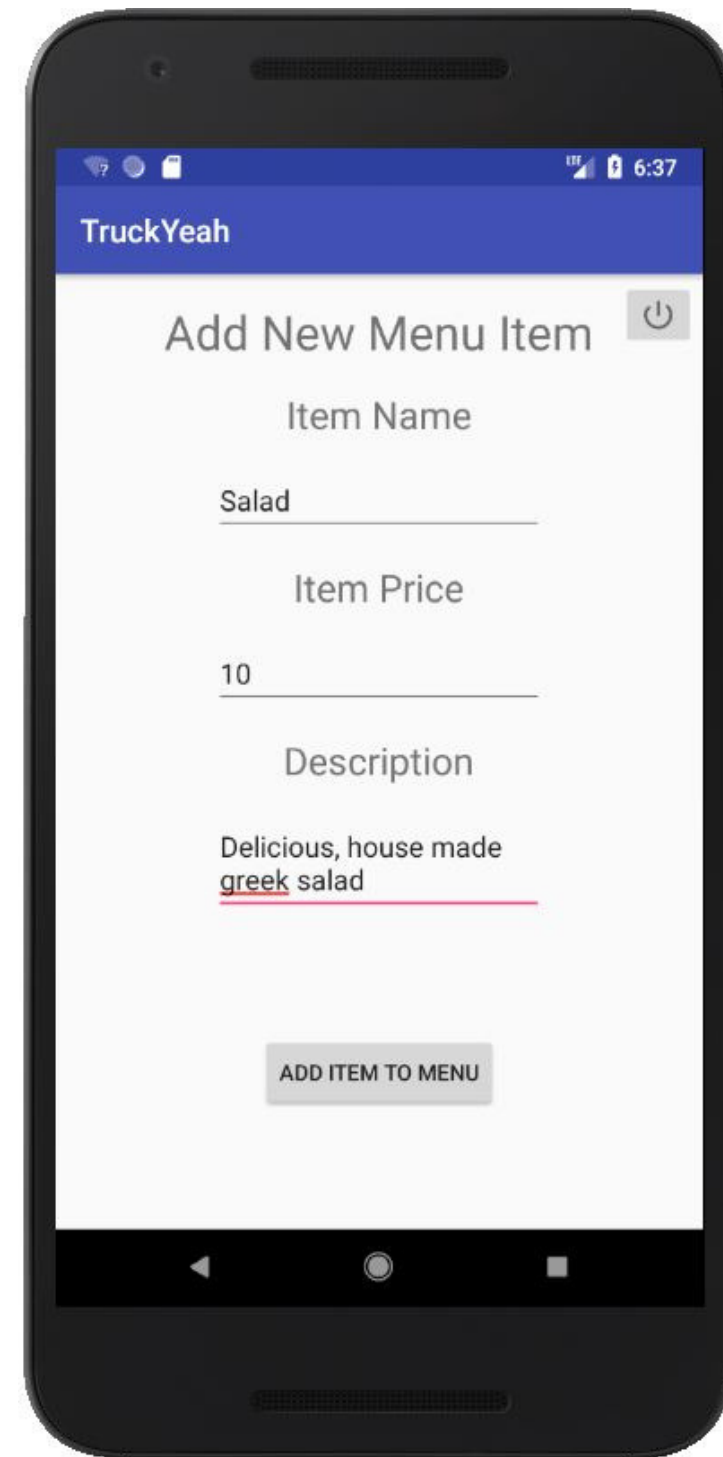

TRUCK OWNER

MY MENU

The, "My Menu" tool bar brings you to the truck owner's menu. (Here, the truck owner has no menu items).

The pink button allows you to add items.

ADD MENU ITEM

When you click the pink add button, you can add a menu item to your menu.

You will be asked for the Item Name, Item Price, and Description.

LOG-IN

When returning as an existing user, choosing either user or truck owner from the main radio button page will bring you to this log in page in which you can type in your information to access your account (i.e. username and password).
